

BAA Quick Ship Markets & More.

Buy American Act Compliant

Being Buy American Act Compliant is something the QSSI Family of Brands is proud to be a part of. Manufactured from top quality materials, our BAA fixtures provide years of trouble-free service. Built by hands that care, we know that BAA Compliant products are more than just a preference; It's about working with an organization that shares the same values as you.

By being held to the requirements of the Buy American Act, we can assure our clients that the quality of our products meets the expectations of federal agencies. For us, BAA Compliant is more than just a perk: It's proof of the stability of our tenure as a family-owned business.

Quick Ship Program

Have you heard about our Quick Ship Program? With our six manufacturing locations strategically placed across the United States, we are able to deliver 99% of cataloged items within three days for a minimum quantity of 1 item. These locations take care of assembly, fabrication, powder coating, custom configuration, and more!

On top of that, we consistently invest in our inventory of components. By doing this, it's possible for us to avoid industry shortages and continue to have Quick Ship capabilities where other organizations cannot.

Amber & FWC Certified Turtle-Safe

QSSI Family of Brands is an industry-leader when it comes to Amber and FWC (Florida Wildlife Commission) Certified Turtle-Safe luminaires. FWC fixtures must meet specific requirements to comply with turtlesafe regulations. We offer a complete line of both Amber and certified Turtle-Safe lighting.

operating multiple brands across multiple markets

Our Family of Brands does their part in making sure that every market we work with is getting the quality products they need to succeed in their endeavors.

Commercial & Industrial Outdoor

Our Commercial & Industrial fixtures are great for a variety of locations, including retail centers, medical facilities, office buildings, hospitals, universities and schools, and more! We also have fixtures made specifically with auto dealerships in mind.

Food Service NSF 2

Operating a food processing or food service location comes with a lot of regulations that need to be met. Our NSF 2 - Food Splash Zone Certified luminaires can withstand high-intensity power washing on a daily basis.

Specification Outdoor Decorative

Over the years, we have been creating and expanding upon our Decorative Outdoor Luminaire Families. Now, after decades in the business, we have a fully structured and extensive collection of Decorative Outdoor luminaires.

C1D2 Hazardous Location

Harsh & hazardous locations need to be well protected in all aspects, especially lighting. Our line of C1D2 fixtures is a superior fit for any location with a need for industrial grade lighting.
